Members of the Minnesota legislature avoid being on the record for important votes using a process called "an Omnibus Bill". Think of it as a big trash can full of multiple legislative bills that all get voted on at one time.

Hi, Gene Domink, your common-sense state senator. I don't believe in these bloated omnibus bills and have introduced legislation to do away with them. Every bill should be discussed in the open and we all need to be on record for our votes. If you like transparency, please re-elect Gene Domink November 8th.
